Yes! Here it is. Nora Stoner suggested I reach out to you as the PRD reps monitoring this issue, but happy to connect with others who might know.

I hadn't heard anything about an FR announcement but wanted to check.

Thanks,
Olivia

Hi Olivia,

Can you share a copy of the soil and health petition? I'm not sure I'm familiar with it, and it may help to figure out who is working on that here in PRD.

Thanks,
Cathryn

*And if so, would you recommend we mention it in our response to CBD?

Subject: Question about CBD petition

Hi Cathryn and Rachel,

We're preparing a response letter to Center for Biological Diversity's petition regarding soil health and pesticide assessment. It is currently with Ed for review, and he asked whether we will be putting out an announcement of receipt in the Federal Register about receiving the petition from CBD, like we did for the Seresto petition. Do you know?

Thank you!

Olivia
